Rural Quiz Raises £2500

Brigg based Brown & Co Property and Business Consultants, along with co-sponsors Peacock & Binnington machinery dealers and Woldmarsh Producers Ltd farmer buying group have held another successful Rural Quiz. The event held on Wednesday 1st July at Elsham was strongly supported by farmers and those from the rural community. The event was held in aid of the Lincolnshire & Nottinghamshire Air Ambulance and the Lincolnshire Rural Support Network which provides pastoral and practical support. £2,500 was raised and huge thanks go to those who attended and dug deep!

It was a local event and so naturally we had locally produced food and drinks from This Little Piggy, Tom Woods, Pipers Crisps and Cote Hill cheese.

After a speech from Howard Petch CBE, there was a picture round and questions on Farming, Food and Lincolnshire such as “what is puthering in Lincolnshire dialect?”

The prize giving was followed by a generous raffle with prizes ranging from a hedge cutter to a quantity of oilseed rape seed to the value of £500 from local seed merchants GFP Agriculture Ltd. Uncle Henry’s, Pink Pig, Field Technique Agronomy, P&B and Woldmarsh also kindly donated prizes. Brown & Co’s Judy Strawson said “it was excellent that so many turned out for a fun, sociable evening to support such great local charities”.

The team winning the coveted Golden Share were “The Four Chocolatiers” led by Andrew Green meanwhile the Broken Piston went to Will James’ team.

Puthering is rain!
