## **CONDITONS OF SALE**

The bidding is to be regulated by the Auctioneers and no bid shall be retracted. The highest approved bidder is to be the buyer and if any dispute shall arise, the same shall be referred to the Auctioneers, whose decision shall be final. The Vendor reserves the right to bid. The Purchasers are to give their names and places abode and pay the full purchase price for each lot at the fall of the hammer (if required) in default of which the lot or lots purchased shall be immediately put up again and resold. In every case the whole of the purchase money must be paid to the Auctioneers either during the progress or immediately at the close of the Auction.

Every care has been taken to ensure the accuracy of this catalogue, but the Vendors or auctioneers shall not be liable for the incorrect description of any lots.

## **WARRANTY OF BREEDING EWES**

All ewes are sold as right in the udder and fit to breed except where otherwise stated. The Vendor shall correctly describe the teeth of each lot of ewes. Where ewes fail to comply with the above warranty, notification must be made to the Auctioneers in writing within **five days of the sale**, after which no complaint shall be entered.

## **WARRANTY OF BREEDING RAMS**

All rams are warranted by the vendor to be capable of and effective at natural service. If any such ram proved to be incapable of, or ineffective at natural service and written notice to that effect is given by the purchaser to the Auctioneers within **ten weeks** after the date of the sale. The purchaser may return the ram to the Vendor who shall at the purchasers option, replace the ram with another of equal value or refund the purchase price of the animal.

## **STORE LAMBS**

The purchaser may return any ram lambs improperly castrated, crippled or deformed lambs, which have not been declared by the vendor or, alternatively, he may claim a reasonable allowance to be assessed by the Auctioneers.

The Auctioneers reserve the right for themselves or their agent to follow and take possession of all lots removed contrary to conditions and if not paid at the time stated to charge expenses of collecting. If any purchaser shall fail to comply with the above conditions or any part of them, the Auctioneers shall be at liberty either to recover the full amount of purchase money or resell the lots or lots purchased by the said defaulter and any deficiency in the price caused by such second sale, together with all expenses, shall be recoverable from the defaulter as and for liquidated damages.

***Should any question arise not provided in the forgoing conditions, the decision of the Auctioneers shall be final***

## **EID SCANNING SYSTEM**

Although we put our best efforts into making sure we scan every sheep that enters the market, we cannot guarantee a 100% reading on each pen.

## **RICS CLIENT MONEY PROTECTION SCHEME**

All financial transactions within this market are conducted with the Auctioneers acting as Principal. Sale proceeds are not paid into a client bank account and, consequently, the RICS Client Money Protection Scheme (CMPA) will not apply to protect the vendor.
